SUMMARY

I am a motivated Junior Front-End Developer who enjoys web development. I actively learn new tools and continuously improve my skills. My strongest skill is paying attention to details and clean code structure. I am interested in working on real projects to gain more experience.

PROJECT EXPERIENCE

[Whatcharm](#), [GitHub-repository](#) (HTML, SASS, JS)

A responsive landing page for a premium watch store with multiple sections, interactive elements, and form validation.
Team project

Role: developer of about us and advertisement sections

[WebTech](#), [GitHub-repository](#) (HTML, SASS, JS, VITE)

A responsive corporate web template for a creative design agency with multi-section layout, responsive design, and interactive UI components.

Individual project

Role: developer

[HandBrake](#), [GitHub-repository](#) (HTML, SASS, JS)

A JavaScript-focused web project featuring modal windows, asynchronous interactions, pop-ups, and a timer. The project highlights JavaScript functionality and user interaction.

Individual project

Role: developer

WORK EXPERIENCE

Administrator of an entertainment complex

FEC "FlyKids" 2023-2025

- Organized and coordinated the activities of the complex.
- Improved the way we used products, which helped reduce shortages.
- Every month I exceeded sales targets by 10%.
- Secured financial plans.
- Led the team successfully and received more than 90% positive reviews from guests.

EDUCATION
